Conditions of Sale.

1.—The highest bidder to be the purchaser ; but should any dispute arise between two or more bidders regarding the biddings, the same shall be determined by the Auctioneer, who shall be the sole arbitrator in every matter of dispute, and shall also have the right of rejecting any bidding, or of regulating its amount, and of bidding for, withdrawing, consolidating, or dividing any lot or lots.

2.—All lots shall, immediately on the fall of the hammer, be at the sole risk and expense of their respective purchasers, who shall give in their names and places of business or abode, and (if required) pay down in cash a deposit of 25 per cent., or such sum as the Auctioneer may demand. The refusal of any person to pay such deposit when required shall be deemed, if necessary, a proof of the inability of the party so refusing to fulfil these Conditions of Sale, in which case the Auctioneer may consider the lot or lots so knocked down, under such circumstances, unsold, and then proceed to re-sell the same. The Auctioneer will not hold himself responsible for any faults or errors of description, nor for any loss occasioned by fire, accident or otherwise, nor for any mis-statement of weight, count or measurement, unless such last-mentioned mis-statement be discovered by or shown to him within twenty-four hours of its delivery, and his decision as to the amount of allowance in respect thereof shall be final.

3.—All lots are to be taken away at the conclusion of each day's Sale, whether genuine and authentic or not, with all faults and errors of description, at the expense and risk of the purchaser. The Auctioneer not being responsible for the correct description, genuineness, or authenticity of any lot, no allowance will be made for imperfections or deficiency, or any errors of description of any of the lots comprised in the Sale. To prevent errors no lots can be removed whilst the auction is proceeding, *and the remainder of the purchase money must be absolutely paid on or before delivery, and an order for removal obtained from the Auctioneer or his Clerk.*

4.—If one person purchases two or more lots, the price of all must be paid before the delivery of any. No purchaser shall be entitled to anything not described in his lot, but all lots are sold and are to be cleared as shewn at the Sale. No Cheques received in payment unless backed by Bankers reference.

5.—Should any of the lots not be cleared within the time above specified, the purchaser thereof shall be held liable to the Auctioneer for any cost of cartage or other expense occasioned by such default, and interest at the rate of five per cent. per annum shall be due and recoverable upon all accounts made the day of Sale until the time of settlement thereof.

6.—If any purchaser neglect or refuse to comply with the above conditions, or any of them, his or her deposit money shall be forfeited, and the lots uncleared shall be re-sold without further notice by public auction or private contract, at the discretion of the Auctioneer ; and any loss occasioned by such second sale, together with all expenses attendant thereon, and arising under these conditions, shall be paid by such purchaser, and be recoverable as and for liquidated damages. This condition, however, is without prejudice to the right of the Auctioneer to enforce the contract made at this Sale if he thinks fit, and the entry of the Clerk in the sale-book, verified by the Auctioneer, shall be deemed full and sufficient evidence of such contract and binding alike upon the vendor and purchaser.
